

# Prop firm cheat sheet

All 20 firms we track on one page, sorted A to Z (never by commission). Prices are list prices in USD, checked against each firm's own site on 2026-10-11.

| Firm                | Markets                | Cheapest challenge      | \$50K    | Max account | Max split | Drawdown                  | No daily limit | No time limit | US traders | Trustpilot | Sale / code                                                                |
|---------------------|------------------------|-------------------------|----------|-------------|-----------|---------------------------|----------------|---------------|------------|------------|----------------------------------------------------------------------------|
| Alpha Capital Group | Forex                  | \$187 · \$25K 1-Step    | \$277    | \$200K      | 80%       | Static, Trail, locks      | No             | Yes           | No         | Hidden     |                                                                            |
| Alpha Futures       | Futures                | \$89/mo · \$25K 1-Step  | \$129/mo | \$150K      | 90%       | EOD trail                 | Yes            | Yes           | Yes        | 4.4        | 50% off Standard, Advanced and Direct accounts (ALPHA50)                   |
| Apex Trader Funding | Futures                | \$167 · \$25K 1-Step    | \$249    | \$150K      | 100%      | EOD trail, Intraday trail | Yes            | No            | Yes        | 4.2        |                                                                            |
| Blue Guardian       | Forex, Futures         | \$154 · \$25K 2-Step    | \$232    | \$200K      | 85%       | Static, Trail, locks      | No             | Yes           | Yes        | Hidden     | Halloween: 35% off all accounts, CFDs and futures (HALLOWEEN)              |

Cheapest challenge = lowest list price at any account size; \$50K = cheapest \$50K challenge. "No daily limit" and "No time limit" mean at least one of the firm's challenges has none. Drawdown: Static = fixed from the starting balance; EOD trail = trails the end-of-day balance; Intraday trail = trails the intraday high; Trail, locks = trails until breakeven, then stops. Firms change prices and rules often: confirm on the firm's site before you buy. Full details and change history at propfirmsrated.com.
